

# SURVEY TECHNICIAN

WHIPPLE CONSULTING ENGINEERS

## POSITION DESCRIPTION

Whipple Consulting Engineers, Inc. is currently seeking an Entry-Level Survey Technician in our Spokane Valley, Washington office. The successful candidate will work directly with a Licensed Land Surveyor to perform boundary surveys, topographic surveys and construction stakeout. Compensation for this position depends on experience. The position provides competitive salary, benefits and growth opportunities.

## EDUCATION/EXPERIENCE

Prior surveying/mapping experience preferred but not required.

## DESIRED SKILLS

- Ability to operate survey equipment
- The operation and maintenance of survey equipment used on job site and assist others
- Strong communication and collaboration skills.
- Communicate with the project team to understand the goals, challenges, schedule, budget and expectations of the project.
- Able to interpret construction plans.
- Basic survey calculations including but not limited to percent of slope, angle measuring, coordinates, differential leveling and horizontal curves.
- Establishes and sets point on construction stakeout projects (curb and gutter, drop inlets, storm sewer, water main, etc.)
- Work in a team environment and also be able to work independently.
- Follows prescribed safety practices for Land Surveying
- Maintain a current driver's license in good standing and able to operate company owned vehicles. Physically able to perform all tasks including the ability of lifting up to 75 lbs.
- Willingness to work outdoors and in adverse weather conditions.
- Willingness to work overtime as needed
- Submits daily files, including downloading of data, preparation and organization of field sketches and digital photographs.
