

CIVIL ENGINEERING INTERN

WHIPPLE CONSULTING ENGINEERS

POSITION DESCRIPTION

Whipple Consulting Engineers is presently seeking qualified candidates for a Civil Engineering Intern position in our Spokane Valley, WA office.

Interning for WCE is an opportunity for students to prepare for a career in Civil or Structural Engineering. It places interns in an environment that can help students connect their studies to real-life situations, and learn how the business environment impacts the world of Engineering.

EDUCATION/EXPERIENCE

- In progress toward earning a Bachelor's degree or Master's degree in Civil Engineering or a related field.
- Intern candidates must be currently enrolled as a Junior or Senior in an accredited program.

QUALIFICATIONS

- Proficient with basic computer software, such as Microsoft Office.
- Must possess strong verbal and written communication skills.
- AutoCAD experience a plus

RESPONSIBILITIES

- Participate in multi-disciplinary teams on projects.
- Coordinate with project managers, project engineers, clients, regulatory agencies, and subcontractors.
- Perform project administration including writing reports, gathering information, drafting proposals, drafting correspondence, tracking project costs, and completing progress reports.
- Perform other duties as assigned.
- Comply with all company policies and procedures.
- Follow safe work practices and adhering to all company guidelines and policies for planning and executing work in a safe manner.
- Physically able to perform tasks including the ability of lifting up to 50 lbs.
- Must be willing to spend time in the field i.e., surveying.
