CIVIL ENGINEER

WHIPPLE CONSULTING ENGINEERS

POSITION DESCRIPTION

Whipple Consulting Engineers is presently seeking qualified candidates for a Civil Engineer EIT or PE in our Spokane Valley, WA office. Compensation depends on experience.

Projects primarily include private sector land development type projects in the Spokane/Coeur d'Alene area, however WCE serves the entire Northwestern United States.

EDUCATION/EXPERIENCE

Minimum of a Bachelor's degree in Civil Engineering, two to five years experience and has passed the EIT examination. PE licensure not required but a plus.

QUALIFICATIONS

- Knowledge and experience of civil engineering principles and advanced knowledge of concepts, principles and practices of Civil engineering.
- Must possess strong verbal and written communication skills.
- Proficient in AutoCAD and Microsoft Office. Proficiency would mean active Civil3D experience, plan preparation and grading.
- Must have had drainage or stormwater coursework or experience as well as studies in water analysis and an introduction to Traffic engineering.

RESPONSIBILITIES

- Participate in multi-disciplinary teams on projects.
- Coordinate with project managers, project engineers, clients, regulatory agencies, and subcontractors.
- Perform engineering tasks under close supervision; engineering problem solving and solutions a must.
- Use experience, judgment and education but expected to ask for assistance when needed.
- Researches/reviews code and permitting requirements for project sites as directed.
- Prepare, under guidance, reports, specifications, plans, construction schedules, environmental checklists, and civil designs for projects.

COMPENSATION

- 7 Holidays
- 2 Weeks vacation
- 75% Healthcare insurance paid
- Salary Range: $60,000-$80,000
- Pay monthly or bi-monthly
- Hourly pay negotiable
- Overtime (1.5x) paid as required
