NOTICE **OF** **VIRTUAL COMMUNITY AND TRAFFIC STUDY SCOPING** **MEETING FOR THE PROPOSED MEADOWLANE 2** **SUBDIVISION**

Notice is hereby given that a **Virtual Community and Traffic Study Scoping Meeting** will be held on Wednesday, **April 27th** from **5:00 PM to promptly 6:00 PM**. The purpose of this meeting is for discussing the proposed project and the **SCOPING** of a Traffic Study for **Meadowlane 2**, a proposed Preliminary Plat.

Proposed Project: This project proposes to subdivide approximately 6.79 +/- acres into 28 lots for single family homes. A copy of the proposal is included in this mailing. Updates and more information can be found at: WhippleCE.com/virtual-meetings.

Proposed Project Location: The property is located at 5808 S Meadow Lane Rd in the City of Spokane, WA

Purpose of Meeting: This meeting is being held to fulfill the requirements of the City of Spokane to provide a community and traffic scoping meeting for the above referenced project. A general project overview will be given as this is also a meeting to discuss other elements of the project. Items such as appropriate land use, other pending Land Use decisions, plats or ancillary issues can also be discussed at this meeting. The traffic scoping process is a conversation with the Community to discuss existing or potential traffic issues that currently exist or that may exist as a result of this project. Once this meeting is complete, a traffic scoping meeting will be held with the City of Spokane and WSDOT to finalize the scope of this traffic study prior to implementation of the traffic counts and the acquisition of other extraneous information needed to perform the traffic study.

Proponent: Agent/Representative: Whipple Consulting Engineers. (509)893-2617
